16 January 2017

Dear Parents/Guardians

WESTWOOD
PRIMARY SCHOOL

MATH WORKSHOP FOR P5 PARENTS (SATURDAY, 11 February 2017)

The Mathematics Department is inviting Mr Ammiel Wan from VisibleMATH Academy to conduct a Mathematics workshop for the P5 parents. In this session, parents will be taught how to differentiate between a conceptual or procedural mistake. They will also learn how to ask the right questions to help their children develop strong conceptual understanding and learn more about the 'Read Write3' strategy that can be used in problem solving.

Mr Ammiel Wan is the creator of the Cognitive Conceptual Approach which is being used by many Singapore Schools today. He was featured in the Straits Times in 2009 and 2014 for his innovative and effective approach in teaching Mathematics. He has created and authored more than 20 resource books pertaining to his conceptual approach and has trained many schools in the use and design of the approach.
