Founded in 2005, HCIS is a member of the Hwa Chong family of schools. As a local International school, half of the students are Singaporeans or PRs, with the rest of the student body comprising international students from over 20 countries. HCIS offers a six-year integrated curriculum that eventually prepares students for the International Baccalaureate Diploma Programme (IBDP). The learners of HCIS have achieved much, be it in accolades in competitions at both the local and international arena, or scholastic achievements and admission to well-known universities around the world.

Thank you and see you soon!
